## EDUCATION

### B.Tech(Aryabhatta Knowledge University) Nalanda College of Engineering

08/2017 - 11/2021

patna

#### BRANCH

- Electrical & Electronics Engineering

### Intermediate

#### S.R.S.Y.I.College Nawabanj, Jehanabad

06/2014 - 03/2016

Jehanabad

#### Courses

- Science

### 10th

#### High School Tehta

04/2012 - 06/2014

Jehanabad

## INTERNSHIP

### Matlab

#### E & ICT Academy, IIT Kanpur

06/2020 - 07/2021

E & ICT Academy, IIT Kanpur

india

## SKILLS

CSS

Java Scripts

HTML

Java

SQL

MAVEN

Spring Boot

LLD&HLD

AWS

## PERSONAL PROJECTS

### SINGLE AXIS SOLAR TRACKER- (09/2020 - 12/2020)

- Solar tracking systems are used to continually orient photovoltaic panels towards the sun
- observed maximum energy from the sun
- Energy production is at an optimum and energy output is increased year round
- This is especially significant throughout the summer months with its long days of sunlight available to capture and no energy will be lost

## CERTIFICATES

### Matlab (06/2020 - 07/2020)

programing in matlab &simulink

### PCB Layout Design (08/2018 - 09/2018)

Ambition technologies

## ACHIEVEMENTS

Achievement Name

## LANGUAGES

English

Professional Working Proficiency

Hindi

Native or Bilingual Proficiency

## INTERESTS

Coding

Reading

cycle

cooking

problem solving
